

DEPARTMENT 211 DISPLAYS

Displays do not need to have the exact number of items that is required in the individual classes. You must include any labels for educational purposes (i.e. labeling herbs), if required in individual classes. Recipes are not required for baked goods.

Examples:

- each type of tomato (i.e. slicing, plum, cherry) counts as one item, no matter how many of each variety is presented
- a bunch of marigolds would be one item as would an arrangement of flowers
- Baked goods- each type of cookies is one item and a bread is one item.
- Stitching - three cross-stitch wall hangings are one item, three wall hangings of different stitching techniques (cross-stitch, crewel, needlepoint) are three items.
